To resume the meeting
7. **Neighbourhood Plan Progress.**
 - 7.1 Stakeholder Consultation Progress
 - 7.2. Neighbourhood Plan Progress – The current formatted Plan has been circulated to members and a copy of the amended text version, following the Teams meeting mentioned below, will be circulated by Mr. Proudlove before the Council meeting.
 - 7.3 Feedback from the Teams Meeting on 8th February with Tom Evans of Cheshire East Council. The NP timetable was confirmed but Tom suggested some changes particularly that the Local Plan policies should not be stated verbatim within the document. Also, to include design guides which would be referred to in the NP consultation document and worked on during March and then added to the final inspector-version of the Plan.
8. **The Parish Hall Renovation & Alternative Accommodation during the renovation**
 - 8.1 Parish Hall Renovation Progress including securing the services of a QS with the aid of Cheshire East's Framework Agreement. The Clerk has asked KPS Architects to send all relevant details of the renovation to the first ranked QS in CE's Framework.

9. Fund Raising Progress

- 9.1 Progress with the Lottery Bid – The draft bid to be circulated prior to the meeting.
- 9.2 Centrica will launch their next grant funding campaign on 6th March 2023. Grants of between £10,000 and £100,000 will be available, along with their support and expertise. They are looking for applications from projects that are:
- Energy related.
 - Focused on the community.
 - Can demonstrate a positive benefit to the community.

Applications can be for:

- Sustainable energy solutions – solar, heat pumps, battery storage
- Projects to support the community with energy efficiency advice or energy debt
- Educational projects to engage with the community on net zero and de-carbonisation
- Or anything else that is energy related.

Click on the links below offer more information on funding and energy efficiency.

- Local Energy North West Hub - <https://www.localenergynw.org/>
 - Electricity North West - <https://www.enwl.co.uk/go-net-zero/community-and-local-energy/apply-for-funding/>
 - Scottish Power Foundation https://www.scottishpower.com/pages/the_scottishpower_foundation.aspx
 - Cadent Foundation <https://cadentgas.com/cadent-foundation>
- 9.3 The Application to the Platinum Jubilee Fund was not successful because the Parish Hall is not managed within the structure of a charitable trust. It would be possible to establish one, but this would take time and delay the project significantly.
- 9.4 Promoting the Parish Council's Just Giving Initiative. The next stage of this is to promote it in the March Newsletter and a banner.

10. Current Matters.

To consider and agree actions relating to ongoing matters.

- 10.1 Letter to Cheshire East Planners concerning the “billboards” at Alderley Park. This has now been referred by planners to their Enforcement Team and the Parish Council have been notified it will be dealt with as a priority 3 matter. It is possible that Alderley Park may apply for permission to retain the signs for a temporary period, if so the Parish Council will be able to comment as a statutory consultee.

11. Finance Schedule (Appendix A)

- 11.1 **To note receipt of income, as listed in schedule (A1)**
- 11.2 **To approve items for payments as listed in schedule (A2)**
- 11.3 **To approve direct debit/standing order as listed in schedule (A3)**
- 11.4 **To consider and approve the Clerk's expenses as listed in schedule (A4)**

12. Budget Reports

12.1 The year-end is approaching and all of February's payments are now in the Scribe Accounts system (this is because all payments are now in the system ready for approved at the monthly Council meeting).

The figures are in line with the forecast provide last month when the 2023/24 budget and supporting precept were approved. Parish Hall's Energy cost (electricity only currently) is within the approved budget – the December period Direct Debit (DD) of £245.63 plus VAT is shown in Appendix A3 and the invoice will be passed around at the table at the meeting.

The last payment period we have is for December because the company's DD arrangements take the funds from our account on the 31st of the following month. This latest DD is a relatively low sum because of the correction the energy company had to make following several miss-entered high meter readings by their customer centre team. This has been resolved by a large refund of £745.58 plus VAT in November and a significant credit on this DD.

The Clerk has read the meters at the end of January and the DD for this January period will be presented to the March Committee. It is likely to be circa £500. The February period DD is also likely to be circa £500. It will be deducted from our account on 31st March and consequently will fall within the 2022/23 accounting period but will be approve in April.

12.2 Dilshan from the energy company Clear Utility, who was working with the Parish Council and ChALC has reported *"I have looked at your current contract with Utility Warehouse and can confirm you are in a good deal at the moment compared to what's on offer in the energy market"*.

Utility Aid, who is also working with the Parish Council and NALC has yet to respond. A reminder has been sent.

12.3 The Parish Council recovers its VAT and because of the preparatory Hall renovation costs, including surveys and professional fees this has increased over last year. This is not an issue, but the Clerk will submit a so called Form 126 Vat Claim to HMRC this month. It will help to spread any claim over two VAT years.
