

Nether Alderley Looking Forward

**Consulting towards a Community
Plan**

**Supplementary Survey
February 2015**

Alderley Park Framework

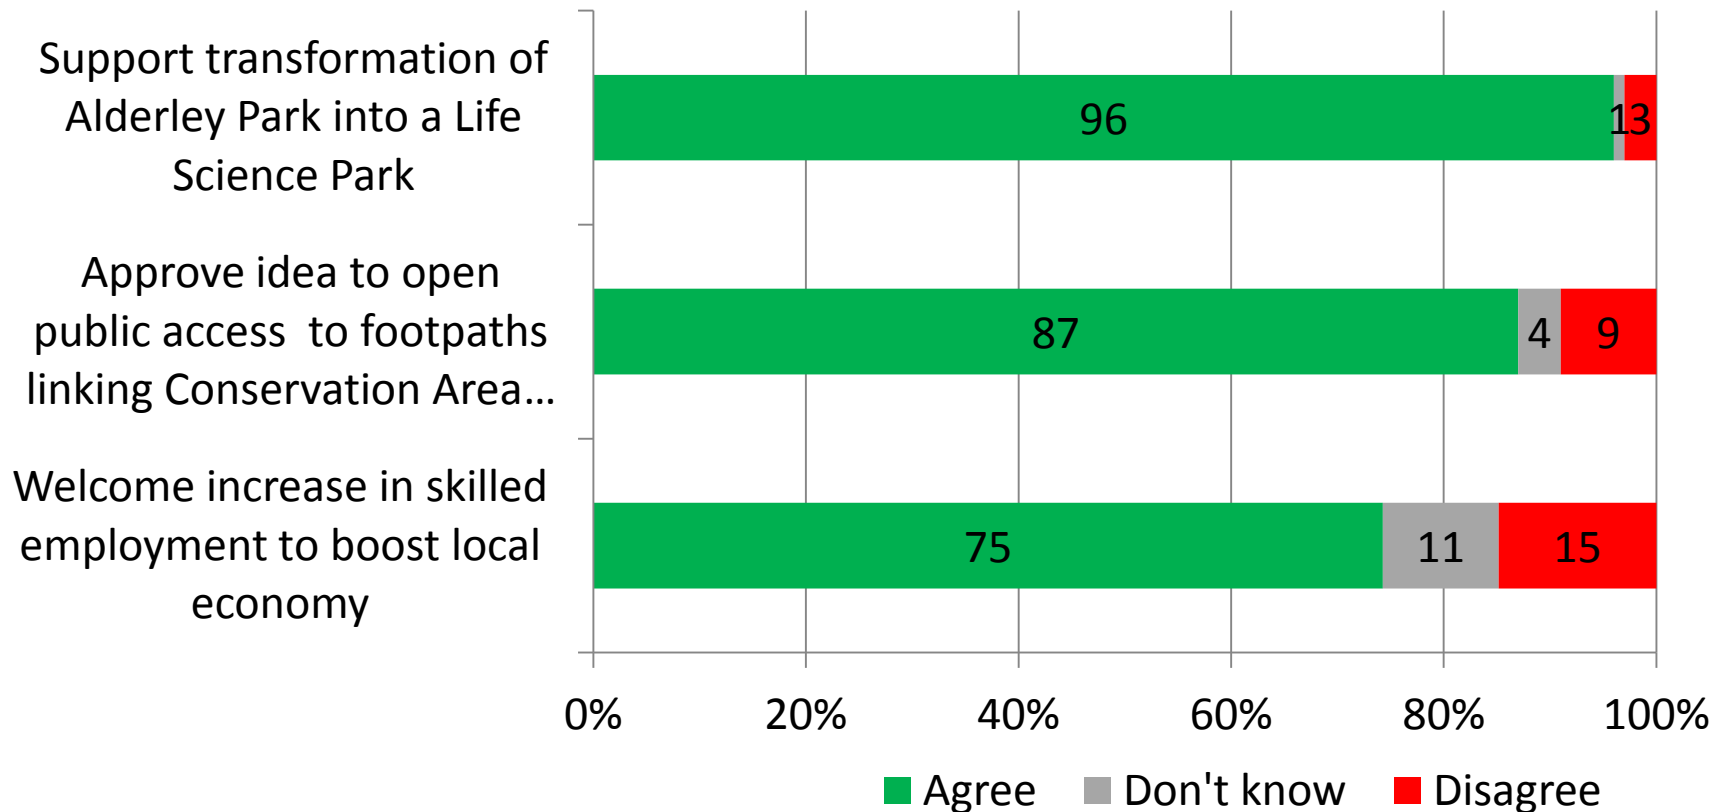

- Initial informal discussions were undertaken to establish a range of views on the Alderley park Development Framework in order to create a series of statements on which residents were invited to indicate their agreement or disagreement.
- Reply-paid questionnaires were hand delivered to 242 households within Nether Alderley. The survey closed on 27 February after allowing approximately 2 weeks for completion.
- 115 responses were received (representing 48% of households within Nether Alderley). The data is robust: the response rate compares well with the 36% participation in the English local government elections of 2014.
